new
festival
town

This is a game where you can create your own digital world filled with creatures called towners.

Think of it as Tamagotchi Metaverse where you can watch your towners clone, reproduce and evolve into unique and charming creatures.

ALIEN

APE

ZOMBIE

LIFECYCLES, REPRODUCTION AND CLONING

Each Towner will live for 3 months, then the character becomes inactive within the game.

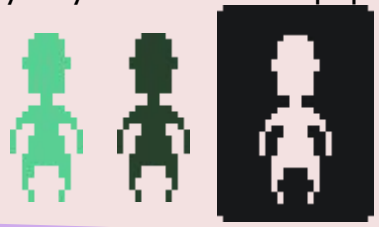
To continue the lineage of the Towner you have 2 options:

Cloning:

Create a new Towner from the original before its life ends.

Reproduction:

Towners can reproduce with another and it's the only way to increase the population.

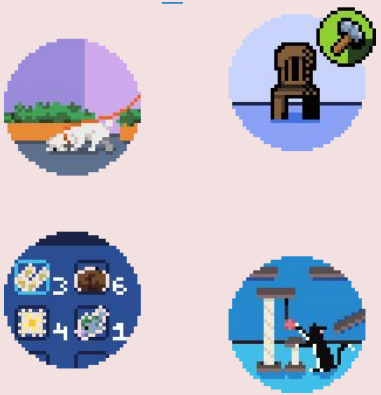


A cozy life sim for the web3 era

Crafting:

Play&Own: Digital collectibles

To manufacture and create objects you will have to collect or trade materials found in each town.



It will be possible to sell and recycle materials to get rarer items.

Pets:

This are creatures that will help you complete different tasks and get new recipes.

MACHINITAS

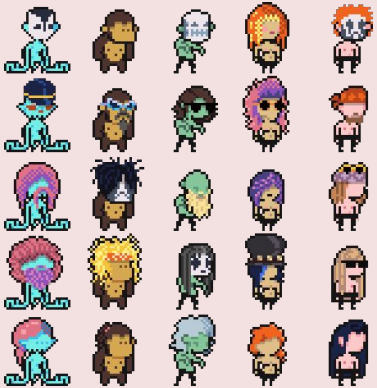
A tamagotchi metaverse

You can move to different places looking for activities such as training your character or playing in the arcade for a while.

CHARACTERS

Towners

They're the inhabitants of New Festival Town, collectible digital characters with a limited life.



Generate

They’re the original characters of the game...also known as Cryptachos.

Transmutate

They come from cryptoart projects and have been integrated into the game.

NFT SYSTEM & ECONOMY

HOME

You must pay your apartment fee to obtain ownership of your home, this is part of the gameplay loop and the only way to get it is by playing.

OBJECTS

Items in New Festival Town are also perishable, they have their own rarity system in addition to being NFTs.

PNKS: Soft currency (Not crypto)
The native currency of the game
That serves for various activities.
